

Building an association of businesses along Lomas

Lomas Community Vision went door to door in November, December, and January to conduct a survey of businesses concerns on the Lomas Corridor between San Pedro and Montclair.

Survey results are in and we heard you!

Now, Lomas Community Vision, in cooperation with the Assistance League of Albuquerque, is hosting the first meeting for business owners, property owners, managers, and stakeholders to address your topics of interest.

Here's what area business managers are saying about Lomas Community Vision:

"I think a revitalization effort is great for the current business owners and residents and for the future of both. I want to see this area thrive and grow. The more we can all engage and collaborate regularly will be great for the community."

— Andrew Kalemba, Owner, High and Dry Brewing

"Lomas Community Vision could lead to the revitalization of the Lomas corridor, which would be good for all businesses and neighborhoods in the vicinity. Assistance League of Albuquerque is excited to support this effort."

— Judy Fry, President-Elect, Assistance League of Albuquerque
